#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

CPCS Theory Test Answers AGO Mobile Crane

No.	Question & Answer
1	What makes up the total (or gross) weight of a load that is to be lifted? Weight of the load itself + weight of the lifting accessories + weight of the hook block
2	During work, the engine starts to overheat. Explain the danger if someone tries to remove the radiator or expansion tank cap. Removing the radiator tank cap will cause the hot liquid inside to be released under pressure and could cause burns.
3	What is the definition of, or how can a hazard be described? A hazard is anything that can cause harm to people, property or environment.
4	What are the possible outcomes of facing prosecution for not complying with legislation and regulations? If facing prosecution at the court hearing there are 2 possible outcomes. 1. You can prove that you fulfilled the legal requirements and you are probably going to be found Not Guilty 2. You are found Guilty and you face a prison sentence or a substantial fine
5	a) What is meant by the lifting capacity of the crane and b) Who determines it? a) The maximum lifting capacity of the crane for a particular configuration b) The crane manufacturer
	Give FOUR reasons that may cause the crane to overturn. 1. Excessive load rating 2. Soft ground
