ADRIATIC PILOT
Croatia, Slovenia, Montenegro
East Coast of Italy and Albania
Trevor and Dinah Thompson

Adriatic Pilot is the standard guide to Croatia and the neighbouring countries of Slovenia, Montenegro and Albania and now celebrates 25 years of publication. It also provides coverage of the eastern coast of Italy, the Venice Lagoon and harbours adjacent to Italy, and is present in the only book that covers the entire Adriatic region in a single volume.

Trevor and Dinah Thompson's thoroughly researched work provides all the essential navigational information for yachtsmen visiting the area. In this new sixth edition, details of changes to harbours and marinas, that have occurred since 2008 are included and where necessary new plans have been drawn. Most of the plans of harbours on the east coast of Italy have also been replaced.

Adriatic Pilot is complemented by a complete range of area charts for the area and these are also available as electronic editions for use with the plotter and the Imray iSight iPad App - Marine Imray Charts Central Mediterranean.
